

Tropiclean Shampoo

I frequently get asked what type of Shampoo I use on my babies before going homes! So, thought I'd share with everyone. 🐾🐾

I've tried so many different brands and TropiClean is by far my favorite! Why? IT Smells AMAZING, makes my dogs coat super soft. There is lots of different ones to choose from that do different things.

Most feed stores and pet stores carry this line. Can also order on chewy or amazon! I love to order everything off chewy. Most the time cheaper than any store and offer free shipping.
